

Quick Guide: Getting Around Málaga

Welcome to Málaga! To make your arrival and stay as smooth as possible, here are the best ways to navigate the city:

From the Airport (AGP)

The **Cercanías C1 Train** is the fastest way to reach the city center.

- **Station:** Located right outside Terminal 3.
- **Frequency:** Every 20 minutes.
- **Destination:** Get off at **Málaga Centro Alameda**, it's approx. 7-min walk to NH Málaga.

City Travel & Connections

For navigating the city and checking live schedules, we recommend:

- [Google Maps](#): Best for general route planning (bus, metro, and train).
- **EMT Málaga App**: The official app for city buses; includes real-time arrival times and stop locations. You might need a VPN to use it.
- [Moovit](#): Highly accurate for local bus delays and platform changes.

Payment Tip

Most buses and trains accept **contactless credit/debit cards** or mobile payments. If you plan on traveling frequently by bus, look for Bonobus (bus-only) cards at local tobacco shops (*Estancos*) for discounted fares.

Safe travels, and we look forward to seeing you at the conference!
